Profile

Information Technology graduate from the Islamic University of Madinah with practical experience in Windows Server, Active Directory, networking, and IT troubleshooting through hands-on labs and structured IT support training. Familiar with user management, Group Policy, DNS, and Windows environments. Currently expanding technical knowledge through CCNA studies and Microsoft Learn, seeking an entry-level opportunity in IT Support or IT Administration.

Education

Islamic University of Madinah Jan 2026
Bachelor's Degree in Information Technology

Projects

Active Directory Home Lab, Windows Server 2022
- Deployed a Windows Server 2022 Domain Controller with AD DS and DNS using VMware Workstation.
- Managed OUs, user accounts, security groups, and Group Policy; joined three Windows 11 clients to the domain.
- Configured NTFS and shared-folder permissions and simulated common Help Desk support scenarios.

Enterprise Network Design | Cisco Packet Tracer
- Designed a three-tier enterprise network using Cisco routers and multilayer switches.
- Configured VLANs, inter-VLAN routing, OSPF, HSRP, EtherChannel, and Rapid PVST.
- Implemented NAT/PAT, DHCP, and static routing to support network connectivity and redundancy.

Network Configuration Labs | Cisco Packet Tracer
- Configured Router-on-a-Stick, VLAN trunking, inter-VLAN routing, and DHCP.
- Implemented standard and extended ACLs for traffic filtering and network segmentation.

Training And Experience

NTG Clarity Networks Inc. Jun 2026 – Present
Graduate Trainee – IT Support
- Participated in structured Help Desk training focused on Windows administration, technical troubleshooting, and IT support fundamentals.
- Developed Windows Server and Active Directory administration skills through Microsoft Learn training.
- Assisted with basic workplace IT troubleshooting and maintained weekly technical progress reports.

Islamic University of Madinah Jun 2025 – Aug 2025
Cybersecurity Trainee
- Assisted in reviewing basic cybersecurity policies and procedures.
- Supported cybersecurity awareness activities for users.
- Participated in applying security practices in lab environments.
- Assisted with technical documentation.

Skills

Technical Skills
Windows Server 2022 | Active Directory (AD DS) | Group Policy (GPO) | DNS | Windows Troubleshooting | TCP/IP | IPv4/IPv6 | VLANs | OSPF | HSRP | VMware Workstation | Cisco Packet Tracer

Professional Skills
Technical Documentation | Time Management | Task Organization

Soft Skills
Problem Solving | Teamwork | Communication | Adaptability

Certificates

- Fortinet NSE 1 – Cybersecurity – Fortinet
- Network and Communications Security – ISC2 (Coursera)
- Security Operations – ISC2 (Coursera)
